Monday Morning Memo

A weekly update on
current issues
for everyone who
supervises **employees**

May 25, 2009– Issue #73

- *Be knowledgeable about developments*
- *Share this information with your employees at your next team meeting*

IBEW formal wage adjustment process now in place

- Effective immediately, managers and supervisors can refer to the Executive-approved formal process for IBEW wage adjustments.
- In the past, wage adjustments were negotiated, agreed and applied to IBEW classifications in absence of a proper due diligence process.
- The new process will ensure that prior to any wage adjustment being proposed to IBEW (interim of collective bargaining), a thorough review will have been conducted, which provides a defensible support of the proposal.
- If you have any questions about the IBEW wage adjustment process, please contact Bonnie Peters at 566-2188.
